Easily transfer stocks between stores, and track their levels in real time.

Inventory Counts

EPOS allows you to perform multiple counts at a time, at your convenience.

Provides the Features you need

Build Great Customer Relationships

Total Spent

Last Order

Customer Relationship Management

Customer Profiles

Save all your customers' details in one place – whoever and wherever they are, whenever and whatever they buy.

Customer Membership

Sort customers into different tiers based on their points or credits.

Loyalty Program

Make it simple and fuss-free for your customers to join a loyalty program that suits your business – be it a hair salon, gym or others.

Online Registration

Allow your customers to register online through a sign up link and sync their data with the POS system.

Bulk Import Your Customer List

Transfer all your old customers and their information using excel sheets.

ePOS

Provides the **Features** you need

Pay With Convenience

Payment & Multi Outlets

Credit & Debit Cards

Accept credit and debit card payment modes and store transaction details for your future reference.

Custom Payment Modes

Customise payment buttons to allow payment by cash, credit, debit, cheque, voucher, coupons and gift cards.

Partial Payment

Accepts partial payments and deposits. Easily track outstanding payments from your customers.

Unlimited User Accounts

Add more users as your team grows. Simple and easy to manage, at no additional cost.

Add Outlets

Add new outlets and link them to your existing outlets and warehouse. Quick and easy.

Synchronised Data

Find your reports, inventory, customers and product data all in one place.

ePOS

Provides the Features you need

Make Better Business Decisions With Real Time Reports

Reporting

Customer Reports

Enhance your customer management by identifying top and recurring customers and analyse their spending behaviour.

Product & Sales Reports

Make better decisions with sales reports organised by time period, product, supplier and more.

Credit Reports

Track the credit flow (in and out) of the business from all locations registered in owner's database.

End of Day Reports

Review and tally daily closing summaries and check back on sales history whenever needed.

Sales by Staff Report

Review the total sales recorded by each staff from all outlets and identify top profit-generating and most-efficient staff.
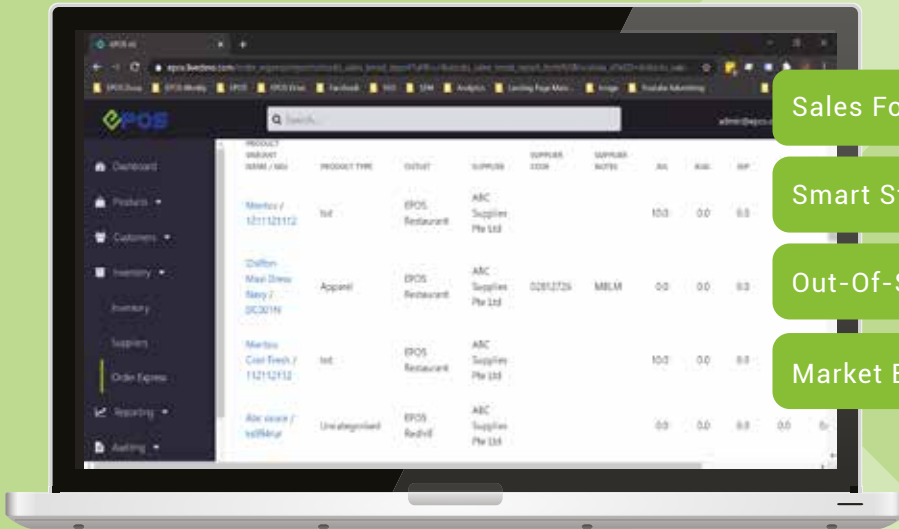

Export Your Reports

Extract your reports into easy-to-view spreadsheets and PDF formats, for convenient tabulations and accounting.

ePOS

"

Good service. Best POS system in singapore with competitive prices.
Very helpful staff, worked along with me to explain the whole system process.
Highly recommended for retail/gym and F&B.
Great training by Geraldine and Grace!

Very pleased with the service given!
